Old Business:
Kevin Cute from CRMC up dated us on our Harbor Plan with suggestions on how to go forward, what needs to be done and the procedures required. The Commission plans to complete the Harbor Plan as soon as possible and submit it to CRMC for review and approval.

Bob Dixon and Phil LaPoint have re-scheduled their meeting to go over the GPS coordinates in the mooring areas and submit their findings to the Commission.

John is to contact the Portsmouth Harbormaster regarding borrowing their "5 MPH NO WAKE" stencils for making our own signs.

Construction Report :
None

Appeals and Complaints:
Charlie Smith moved a float off the dock at Starwoods and towed it to the Tiverton Town dock. He will submit an invoice to the Commission for his services.
Charlie also was concerned about a boat reg. # MS 2282 spending the night tied up to the Starwoods dock. John was to have the Tiverton Police run a registration check.

Roger mentioned his concern for the dark green wooden lobster boat in Nanaquacket Pond, which appears to be low in the bow and a potential problem with oil leakage if it sinks too low.

John will contact the Harbormaster to voice our concerns.

David has been in touch with the DPW and the Tiverton Police concerning the abandon boat in the Gut. A letter was sent to the owner of record and it was returned. A copy of the letter and the original returned envelope has been given to both departments. We will now ask that it be removed and disposed of.

Charlie has checked with Standish Boatyard and they have agreed to help move the abandoned boat near their property to the Town dock so that it too can be disposed of. Several Commission members volunteered to help. Charlie will make arrangements.
